SCHOLARSHIPS FOR CORBETT GRADUATES AND ALUMNI

Application Deadline
April 1st

GENERAL NOTES ABOUT THIS CATALOG:

The following catalog provides a description of the currently-available scholarships from the Corbett Education Foundation. This description includes the scholarship title, the basis for the scholarship, and the criteria for each specific scholarship. All of this information is developed by the individual donor.

The descriptions found in this catalog DO NOT INCLUDE application and maintenance procedures which are common to all CEF-sponsored scholarships. These procedures can be found on this Corbett Education Foundation website under the heading “Scholarship Details” and “Student FAQ”. Again, these procedures apply to EVERY CEF-sponsored scholarship and are not repeated here under each specific description. These procedures include scholarship application/re-application steps, recipient selection, academic progress reporting, general communication requirements and so on.

NOTES TO CORBETT GRADUATES AND ALUMNI:

The Corbett Education Foundation is committed to helping students seek financial assistance for a further education. In this catalog you will find an assortment of scholarships and grants which provide this assistance. Funding is being provided by individuals, families, businesses, and community organizations who believe in Corbett graduates and wish to contribute to their success.

The availability of CEF-sponsored scholarships is contingent upon the supply of funds. Not all scholarships will be awarded every year for this reason.

Graduates will automatically be considered for all available scholarships for which they are eligible; however, CEF encourages students to list their first three preferences on the application form and develop the Personal Statement with these preferences in mind. This strategy will increase chances for success. The Personal Statement is an opportunity to inform the readers as to the aspirations and personality of the applicant. The content should be personal and specific. CEF encourages graduates to seek out those scholarships which specify criteria in line with their career interests. These scholarships should be among the aforementioned preferences listed on the application form. Again, this may increase the odds for success.

Hard copies of scholarship application and renewal forms are located in the Corbett Education Foundation office. Application forms may also be downloaded and printed from this website. The completed forms must be either mailed (USPS) or delivered to the Corbett Education Foundation office at the middle school by the published deadline date.
