Notes To Corbett Graduates and Alumni:

The Corbett Education Foundation is committed to helping students seeking financial assistance for a further education during a period of up to five years after high school graduation. In this catalog you will find an assortment of scholarships which provide this assistance to qualified applicants. Funding is being provided by individuals, family groups, businesses and community organizations who believe in Corbett graduates and wish to contribute to their success.

The availability of CEF sponsored scholarships, during any one year, is contingent upon the aforementioned donations and the success of fundraising activities. For this reason not all scholarships will be available every year.

Graduates will automatically be considered for all available scholarships for which they are eligible; however, CEF encourages students to list their first three preferences on the application form and develop the personal statement with these preferences in mind. The personal statement can then be used to inform readers as to the aspirations and personality of the applicant. CEF

encourages applicants to seek out those specific scholarships which outline criteria which are consistent with their career interests.

Application forms may be down loaded and printed from this website. The completed forms must be mailed (USPS) or personally delivered to the Corbett Education Foundation office at the middle school by the published deadline date. **ELECTRONIC COPIES ARE NOT ACCEPTED.**
